Shoot the Balloons as they rise from the Circus. Pop as many Balloons as you can before the game ends. Balloons come faster and more frequent as the game continues.

It's a Rat infestation in the barn! Shoot them pesky rats as they pop up in various places in the barn. Try to get the cheese before the rats eat it for extra points!

The Zombie Hunt is on! Shoot zombies before they start multiplying and are out of control. But don't shoot the Warrior Princess! You will lose points!

Welcome to the Shire! Show off your Archery and Axe skills and compete with your friends. Shoot each ring of the bullseye to gain more points.

Enjoy the Fruit the Caribbean has to offer. Shoot the coconuts before they hit the ground. Shoot Bananas & Pineapples, but wait until they are ripe or you lose points.

Transport back to the land of dinosaurs and join the hunt! Ferocious dinosaurs come at you from all directions by land and air.

Ahoy ye Matey! Shoot the Gold and Treasure Chest before those scurvy Pirates get it! You can shoot the Pirates and Ships too, but don't hit the Treasure Map or you'll lose points!

It's time for some good ole target shootin' outside the saloon. Test your quick draw to shoot the bottles. If you're really good you might get that pesky Gopher!
