Optional
6.5 in x 4.5 in Tablet
(includes USB
Charging Cable)

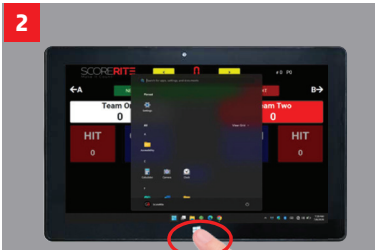

ITEM	PURPOSE
10" x 6" Tablet PC	Runs ScoreRite™ software, scoreboard/operator display, and provides WiFi for tablet.
Tablet PC Power Supply	Used to charge 10" Tablet PC. 100-240V input, 12V, 2A output.
Optional 6.5" x 4.5" Tablet	Connects to 10" Tablet PC WiFi, provides operator interface for scoreboard.
Optional Tablet Charging Cable	Used to charge optional 6.5" Tablet from any USB port.

Important note: Only the Tablet PC power supply will work to power the 10 Inch Tablet PC!
(The Optional Tablet Charging Cord will only charge the 6.5 Inch Tablet.)

SCORERITE™ SET-UP GUIDE

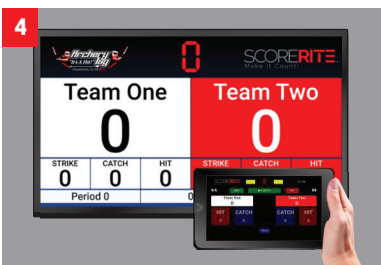

Press power button at top corner (1 second). Tablet PC will boot and load scoreboard. Scorekeeper interface will then appear on top. This process takes about 2 minutes.

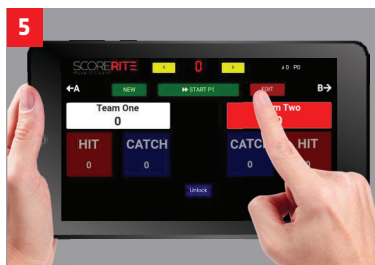

To switch between scorekeeper interface and scoreboard, tap the Windows icon and select either the  icon for scoreboard, or the  icon for scorekeeper.

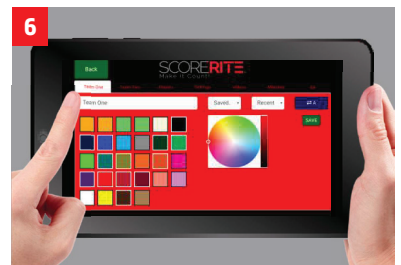

If using the additional tablet, wait for Tablet PC to start, then turn additional tablet on by pressing power button for several seconds. Then tap the SR icon on the screen.

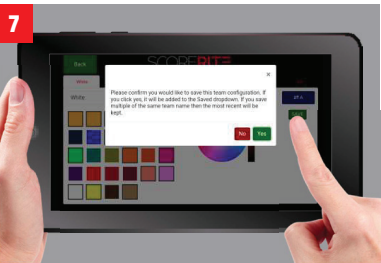

The Tablet PC can be connected to WiFi for updates, posting matches, etc. The additional tablet automatically connects with the Tablet PC using its own WiFi. **DO NOT CONNECT TO ANY OTHER WIFI SERVICE.**

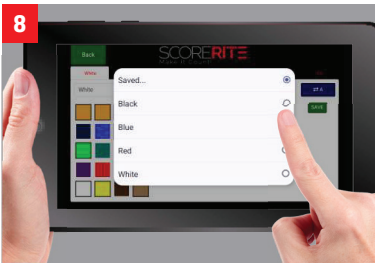

Then tap "EDIT" to customize the scoreboard for your match.

Tap "Team One" or "Team Two" tabs to type in team name and choose team color. **Pre-saved teams: White, Red, Black & Blue.**

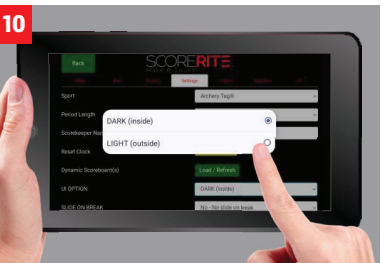

To save these teams to use again, tap "SAVE". They will now be in the "Saved" menu.

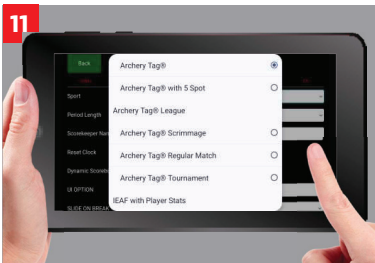

Tap "Saved" menu to load your saved teams. Teams from recent games are under "Recent".

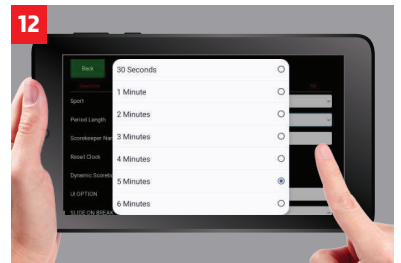

Tap "Settings" tab to select the Sport, Period Length, Dark/Light mode and more.

Tap the "UI OPTION" to select the DARK (inside) or LIGHT (outside) screen mode.

Tap "Sport" to select "Archery Tag®" for standard play, or "IEAF with Player Stats" for IEAF® Leagues & Tournaments.

Tap "Period Length" drop menu down and scroll through the time choices, (0-30 minutes) then tap the desired length.

SCORERITE™ RUNNING A MATCH

Tap **"Start P1"** to begin the first period of the match. You will hear a whistle and the countdown clock will start.

Tap **"Hit"** or **"Catch"** on the team where the action occurred. The points will automatically be added to the appropriate team.

Tap **"Undo"** to correct last action shown below "Undo" button. Repeated taps will correct previous actions.

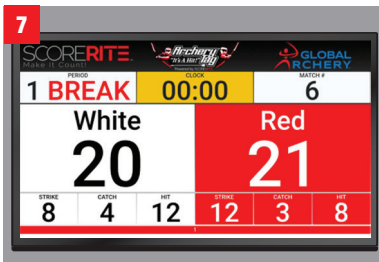

Tap **"Pause"** and the clock will stop and the whistle will sound 3 times. Tap **"Resume"** to continue.

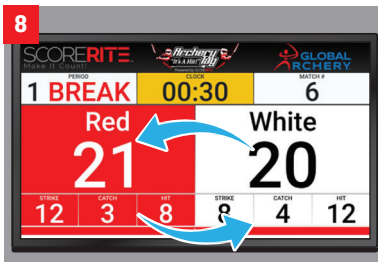

To add or subtract time on the clock, tap the Left < Arrow to subtract 15 seconds or Right > Arrow to add 15 seconds.

When 30 seconds remain on the clock, a voice will announce **"30 SECONDS."**

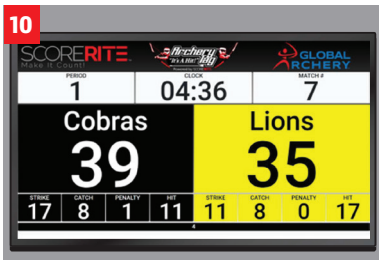

At the end of the Period the whistle will sound 3 times. **"Break"** will appear in the Period panel and the clock will begin a 3 min. countdown to let players rest & hydrate.

When the clock strikes 30 sec. during the 3 min. break, the **"Team Flip"** occurs where the teams automatically switch sides on the TV(s) and Tablet for a 2nd Period and a bell will chime.

During the break the clock will continue running. Press **"Start"** when ready to begin the next period. If starting a new match, tap **"New"** and repeat Setup starting at step 5.

When running a League or Tournament in **"IEAF® (with Player Stats)"** mode, Penalties will show on the Scoreboard.
